Dear Grand Knights,

It has been brought up at several Chapter meetings that it would be nice to have the meetings in one central location. It has been suggested that the distance that some have to travel to get to the meetings is the reason for the poor attendance. I would like to know what you as Grand Knights think about the idea.

Would more Grand Knights attend the meeting if we met at a central location? There are several location in the center of the city that we could meet at.

As everyone knows, at the present, the meetings are the first Thursday of the month at different locations. The locations are published in the meeting minutes. We would like all the Grand Knights in the Greater Columbus Chapter to attend the meetings. The meetings are great sources of information.

By attending the meetings you are not obligated to volunteer or partake in anything that you don't feel you can.

Please call or e-mail me your desires.

Brothers in Christ
